Use of cookies

To make full use of the online shopping and personalised features on Fenton Traffic Management Ltd website (www.fentontm.com) your computer, tablet or mobile phone will need to accept cookies, as we can only provide you with certain personalised features of this website by using them.

Our cookies don't store sensitive information such as your name, address or payment details: they simply hold the 'key' that, once you're signed in, is associated with this information. However, if you'd prefer to restrict, block or delete cookies from Fenton Traffic Management Ltd you can use your browser to do this. Each browser is different, so check the 'Help' menu of your particular browser (or your mobile phone's handset manual) to learn how to change your cookie preferences.

More information about cookies and how to control how they are set can be found at www.allaboutcookies.org.

Privacy of personal data

We aim to protect the security of your personal data at all times. We aim to accomplish this by using a combination of methods including, but not limited to:

Whenever your personal information is exchanged between your web browser and our web server we use highly effective methods of encryption – this is currently 128 bit SSL (secure sockets layer) encryption. This makes it extremely difficult for someone to intercept and read the information being passed between your web browser and our web server.

Any hard copies of data are secured and stored in a locked cabinet within a locked facility and disposed of via shredding when no longer required. (3 Years, after the qualification expires for example.)

Digital Data will be protected via password access on the Fenton Traffic Management system.
